B. Purpose

In order for student-run Clubs to have insurance coverage, it was necessary for students to have regulations in place to reduce the level of risk that comes with insuring these Clubs. In order to guarantee an insurance company that students could effectively and responsibly monitor and safeguard their own events, the SGA/AGÉ Club Policy was developed. The policy is overseen by the SGA/AGÉ who pays for the insurance coverage; they are the policy holders for the student Club insurance.

SGA/AGÉ Policies and Procedures exist to:

1. Attempt to minimize the risky nature of student run events and identify the inherent risks involved with these events;

2. Provide a guarantee to an insurance company that students are in fact responsible members of the community that can be insured;
3. Provide written documentation of events proving that organizers and participants are taking necessary precautions and responsibility for their actions;
4. Ensure that the SGA/AGÉ is taking the necessary steps to minimize their liability and the liability of any associated student groups if a claim should arise, by following the procedures and policies outlined in this document;
5. Ensure that all Clubs are undertaking prudent financial dealings and funds are used for the purpose in which they were collected;
6. To ensure that Clubs are aware of the necessity for risk management and the importance of reducing risk;

The ultimate goal of SGA/AGÉ is to encourage safe events and practices for all involved. The strength of SGA/AGÉ policies and procedures is solely dependent on the ability of the SGA/AGÉ and their associated Clubs to follow them. If an incident occurs at an event and as a result the SGA/AGÉ are being held liable in a court of law, our insurance company will only cover the claim if SGA/AGÉ procedures were followed. The existence of the Clubs Policy is evidence that students are determined to keep their insurance coverage, while at the same time take responsibility for their actions and those of their peers.

Necessity for Adherence to the SGA/AGÉ Clubs Policy

Liability:

Anyone who is involved in the planning of an event can personally be held liable for accidents incurred. The following people and organizations could be held legally responsible for occurrences at an event or for failing to use reasonable care in the coordination or supervision of an event.

- The individual(s) who is the primary organizer
- The event planning committee (from organizers, to ticket sellers, etc.)
- The student Club or group
- The student body with authority for the Club
- The SGA/AGÉ
- Laurentian University

It is for this reason that your Club must understand:

1. The need to have insurance coverage; and
2. The ways to ensure that if a claim against your Club should arise, that your Club and its' event organizers are protected by that insurance. By following the rules and regulations laid out in this policy, you will achieve this. Failure to do so will result in disciplinary action.

All Club activities must be compliant with all policies stated herein and in the event of any conflict between the SGA/AGÉ policy and Club constitutions, the SGA/AGÉ Clubs policy will take precedence.

C. Membership of Clubs

1. All members of the Laurentian University community are eligible for Club membership. A Club will be permitted to restrict its membership only if necessary, to avoid a complete undermining of the Club's mandate. 2. Clubs will only be able to charge a membership fee if the member receives a direct and tangible benefit for their financial contribution and has the option to pay or not (example: pay \$5 and join the Club and get a t-shirt, or just join the Club for \$0 cost). Students choosing not to pay the fee will be considered non-paying members of the Club and may not receive the direct and tangible benefit but will have full access to Club activities;
